Installation Recommendations:

· Insert wires into holes, do not wrap wires around screws. Do not remove screws.

· Devices require a 1-gang U.S. wall box. 3½ in deep recommended, 2¼ in deep minimum.

· Indoor use only

· Visit http://www.ezzwave.com/hubs/ for hub compatibility

· Wallplates sold separately

· Trilingual Instruction manual – (English, French, Spanish)

Device Configuration

Adding your device to a Z-Wave network
Once the hub is ready to add your smart fan control, press and release the top or bottom button on the smart fan control to add it in the network.

To remove and reset the device
Once the controller is ready to remove your device, press and release the top or bottom button on the smart fan control to remove it from the network.

To return to factory defaults
Quickly press the ON button 3 times, then press the OFF button 3 times.The LED will flash ON/OFF 5 times when completed successfully
