

Product Specifications

#4-#6-#8 Red Conical Plastic Anchor

Part number 20

Category number 4370

UPC 781002150800

Conical Anchors are manufactured via injection molding and are designed to be used in conjunction with a sheet metal or wood screw. They can be used in solid and hollow wall applications, and in concrete, block, or brick. These anchors have a lip to prevent falling into deep holes or hollow walls and are not recommended for use overhead or in applications where holding values are critical.
