

**Product Overview:**

Offering extended coverage and easy installation, the LA-106 Telescoping Top Mounted Antenna quickly mounts to the LT-800-072 Stationary RF Transmitter (72 MHz). The telescoping design offers increased range compared to the LA-101 antenna, and is ideal for setups where space is available to extend the antenna fully.

**Highlights:**

- Extendable, telescoping antenna offers improved transmission range
- Range up to 198 m / 650 ft.
- Designed for use in installations with ample clearance for full extension
- Compatible with the 72 MHz version of our LT-800 transmitter
