42" Structured Media Enclosure with Flush Mount Cover, Metal, White

42" Structured Media Enclosures terminate home-run wires from wall outlets and provide a distribution point for voice, data, and video wiring in a residence or multiple dwelling unit. These enclosures are ideal for new installations or retrofits. They can be surface mounted or recessed by mounting between wall studs (on 16-inch centers), using provided wood screws for a clean and professionally finished appearance.

Technical Information

Dimensional Data

Depth : 3.85 Inch

Height : 42 Inch

Width : 14.38 Inch

Material Specifications

Color : White

Enclosure Material : Steel

Gauge of Steel : 18 Gauge

Paint Finish : Powder-Coated

Mechanical Specifications

Knockouts : Multiple up to 2 Inch

Max. Module Capacity : 12

Notes : Module count dependant of the type used.

UL Listed : Fire and Burglary

Features and Benefits

- 42" x 14.38" x 3.60"
- Positive stops on housing side walls prevent enclosure from falling through studs during installation.
- One piece white steel unit hold full and half width expansion modules.
- Mounting guides on cover align screw-holes and reduce the chances of dropping during attachment.
- Powder-coated white cover features a 3/4 Inch overlap to hide irregular drywall cuts.
- Multiple knock-outs on top and bottom including two new 2 Inch knock-outs on top, facilitate cable entry and routing.
- Cut-out in base of enclosure for mounting single gang J-Box kit.
- Six 3 Inch square self-healing foam grommets accommodate cable bundles.
