

SPECIFICATIONS

Power Supply	DC 12V 1.5A
Power Requirement	≤ 5W
Network Protocols	TCP/IP, UDP, ARP, ICMP, IGMP, FTP
Audio Codec	PCM/AAC
Sampling Frequency Range	8 KHz - 32 KHz
Signal-to-noise Ratio	> 90 dB
Frequency Response	20 Hz - 16 KHz
Inputs	1 x RJ45 Ethernet LAN port 1 x External window intercom module connection
Outputs	1 x 600 Ω Unbalanced Line Audio Output
Operating Temperature	-10°C + 55°C
Dust/Water Protection	IP65 (WP version Only)
Humidity	≤ 90% RH (Not condensing)*
Dimensions	Internal unit 160 x 95 x 46.5mm External unit 83 x 24mm
Weight	Master Station: 0.44 kg External window intercom module (N-XC65-W): 0.20 kg External window intercom module (N-XC65-WP): 0.25 kg
Accessories	25' Extension Cable for N-XC65-W

* Only the External Window Intercom Module for the N-XC65-WP is weatherproof (IP65 rated). The Master Station is NOT weatherproof.
