

STI EnviroArmour® Fiberglass Enclosures

PRODUCT OVERVIEW

Non-metallic lockable fiberglass enclosures for remote annunciators, fire alarm control panels or other electronic products which require physical or environmental protection. Helps guard against vandalism (accidental or intentional), as well as dirt, dust and grime. Covers are lockable. Available with or without AC and heat.

HOW THEY WORK

Enclosures are constructed of tough fiberglass material which allows the unit within to be protected yet accessible. Choices include with or without AC and heat.
