# P2R8852E4 5MP Day & Night Fixed IR Bullet IP Camera

www.meritlilin.com

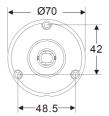

- 5 megapixel CMOS image sensor
- ► 5MP H.265/HEVC and H.264/AVC high-performance video compression
- Simultaneous streaming of H.265 and H.264 encoded streams
- Smart H.264/H.265 supported
- ▶ 3D noise reduction (MCTF)
- 2D WDR function
- HDR function up to 100dB
- Digital PTZ supported
- IVS supported
- Tampering / Motion / Network lost detection event function
- ► SMART event
- ▶ High efficiency IR LED, radiant distance up to 30m
- Day & Night (IR cut removable)
- ONVIF Profile S, Profile T and Profile G supported
- ► IP67 rain and dust resistant
- Vandal resistant approve

Dimensions  $74(W) \times 69(H) \times 189(D) \text{ mm}$ 

#### Diagram of mounting holes:(unit in mm)

#### Wind and Rain Standards

Meet international IP67 standards for dust and moisture resistant allowing you to install cameras in environments subject to wind and rain

#### Impact Resistant

IK10-certified housing designed to protect the camera from destructive behavior

#### Day and Night Operations via Removal of the IR-cut filter

P2R8852E4 camera was designed using a mechanical IR cut filter for increased IR sensitivity resulting in improved night time images. The removable IR-cut filter allows day and night operations even in the low lux condition providing outstanding vision

#### Sense Up+

Deliver outstanding video outputs in poor light conditions without experiencing motion blur. You can see video clearly even during nighttime without sufficient lighting support

#### 3D Noise Reduction

Remove noise from a signal. Suppressing noise in an image in low light conditions and able to retain quality videos at the same time

#### Wide Dynamic Range (WDR)

Wide Dynamic Range (WDR) displays details of both the brightest and darkest areas. WDR can extend image visibility under high contrast lighting scenes and improve image quality

#### High Dynamic Range

An High Dynamic Range (HDR) image is made by taking 3 frames of the same scene and each at different shutter speeds to display details of both the darkest and brightest areas. HDR can extend image visibility under high contrast lighting scenes and improve image quality

#### **Privacy Masking**

Privacy Masking is a feature used to protect personal privacy by concealing private areas in the camera's field of view. Doorways and house windows for example are not subject to surveillance

#### Video Security App

Available on Android and iOS - LILINViewer app provides security alarm push notification, real-time live viewing, and remote video playback

P2R8852E4 camera with built-in Micro SD/SDHC/SDXC card slots can provide redundant video viewing and recording. You can synchronize an SD card with LILIN VMŚ (Video Management Software) - Navigator (NAV)

#### **Motion Detection**

Detect motion and capture the event. Motion in the selected area will provoke an alert.

#### **Tamper Detection**

Automatically detects camera sabotage or failure. Detects any attempts to tamper with the camera - partially or completely blocking its lens or field of view
