ARTIFICIAL INTELLIGENCE (AI) AUTO TRACKING CLASSROOM CAMERAS

Automatic PTZ Cameras to Support Real-Time Virtual Instruction

“After looking at other tracking camera equipment, the AVer Auto Tracking did not rely on audio, so if I moved over ‘here’ the other camera waited until I spoke before it found me. We decided that the camera with the best AI tracking module would give us the most flexibility we needed for various and unforeseen scenarios.”

- Jose Tagle, Director of Technology with the Buckley School

DOCUMENT CAMERAS

Ready for In-Class or Hybrid Instruction

“The cameras I've had in my class before were bulky, and you wouldn't even think to take them from your classroom to go home with them, but now with my AVer Doc Cam, if there is another quarantine and the school does shut down again, the two items I'm going to take are my laptop and my AVer Document Camera. ”
