WHAT'S IN THE BOX

Camera Mounting Screws		2	Screws and Plastic Anchors		4
Quick Setup Guide		1			

NOTE: Download all your support materials and tools in one place.

1. Go to: <http://www.digital-watchdog.com/resources>
2. Search your product by entering the part number in the **'Search by Product'** search bar. Results for applicable part numbers will populate automatically based on the part number you enter.
3. Click **'Search'**. All supported materials, including manuals and quick start guide (QSGs) will appear in the results.

INSTALLATION

- 1 Using the wall mount, mark and drill the necessary holes in the mounting surface.
- 2 Secure the wall mount to the mounting surface using the included screws and anchors.
- 3 To mount the camera to the mounting accessory, remove the dome from the camera base by squeezing both sides of the dome cover and lift to separate from the camera base.

NOTE: Do not touch the lens when handling the camera.

- 4 Pass wires through and make all necessary connections in the camera. See the camera's QSG for more information.
- 5 Secure the camera's base to the top of the wall mount using the included mounting screws.
- 6 Adjust the camera's lens position and angle and place the cover dome on the camera base to complete the installation.
