

The **Aeon ALR** is an EDGE FREE® fixed frame screen that uses Elite's **CineGrey 5D®** angular reflective front projection material. The **CineGrey 5D®** is the perfect solution for rooms that have little or no control over incidental light. This means that it's an ideal fit for family rooms as well as lecture halls, boardrooms, sports bars, training facilities, and other business environments. In addition, the CineGrey 5D® increases projector brightness 1.5 times the amount. This is perfect for low lumens output projectors!

Angle View

Front Detail

Screen Material

- ISF Certified for accurate color points, color temperature and dynamic range
- Polarized 3D material
- Contrast enhancement and superb color balance
- Angular reflective, Ambient Light Rejecting
- CineGrey 5D® 1.5 Gain
- Active 3D, 4K Ultra HD, and HDR Ready
- Counters wash-out effect from ambient light
- Lower cost than higher end matte white or gray screen products

Design & Installation

- Aluminum lightweight split-frame design
- Material stretches over frame for a permanently tight-tensioned flat surface
- Easy to assemble and install in minutes
- Smaller footprint maximizes viewing area
- EDGE FREE® or install ultra-thin trim
- Wall mount brackets slide ensuring the frame is properly centered
- 5-year manufacturer's warranty
