

# CineTension 3 Series

Electric Motorized Projection Screen

Compatible with Ultra, Short and Standard "Long" Throw Projectors

## Product Description

The **CineTension 3** is a robust and well-constructed electric motorized projector screen with essential features for various applications. The tab-tensioned material provides uniform flatness and has a wide viewing angle. The 1.1 gain CineWhite® material is also 4K Ultra HD and active 3D ready. It drops and retracts by means of a powerful tubular motor and its sliding wall/ceiling mounting brackets ensure a perfectly centered installation. Infrared & Radio Frequency remote controls are included along with a wall box controller and 12-volt trigger capability.
