

# HIGH POWER TONE AND PROBE SET

**ADI  
PRO**

ADI PRO's High Power Tone and Probe Set includes a professional tone generator with alligator clips and a high-quality tone tracing probe. The high power tone generator enables signal detection over 20 miles away and makes tracing through walls and enclosures easier with multiple tones and power levels suited for network, signal wire, coax and telephone cable applications.

## FEATURES

**Trace Network, Telephone or Coax Cable**

**High Power – Works Through Walls**

**4 Amplitude Levels and 3 Different Tones**

**Alligator Clips and RJ12/RJ45 Patch Cable**

**Constant Amplitude Tone Throughout Battery Life**

**Auto-Off – Tone Stops After 50 Minutes**

**Add Tone in Any Mode, Allowing Phone Sets Without Monitoring Feature to Pick Up Tone**

**1-Year Warranty**

## 0E-TNEPRBKT

### Product Specifications

**PART #:** 0E-TNEPRBKT

**UPC:** 840049303911

**Dimensions:**

4.5" x 1.75" x 1.3"  
(11.4 x 4.4 x 3.3cm)

**Weight:** 10.0 oz. (283.5g) with battery

**Tone Frequencies (±1%):**

Dual: 1,165Hz and 874Hz  
Single: 1,165Hz and 874Hz
