VIDEO CABLES

Standard Series 28 AWG DVI-D Dual Link Cables

Comprehensive Standard Series DVI cables connect DVI devices such as DVD players, satellite boxes, projectors, LCD and plasma HDTVs. This DVI to DVI cable provides an interface between any DVI enabled source, such as a set-top box, DVD player, and A/V receiver, video monitor, and projector for video only. DVI supports standard, enhanced, or high-definition video. It transmits all ATSC HDTV standards with bandwidth to spare to accommodate future enhancements and requirements. Standard Series DVI cables are dual bandwidth and utilize 24k Gold DVI-D male connectors on both ends. 28 awg construction allows for excellent DVI performance. RoHS certified. Lifetime Warranty.

When it has to work, it has to be Comprehensive!

Features
- 24k Gold DVI-D male to DVI-D male connector on each end
- High Resolution 28AWG conductor construction
- Supports Resolutions from 480i to 1080p
- Dual Link Bandwidth
- Double Shielded for excellent EMI and RFI protection
- Maximum Resolution 2048 x 1536
- HDCP and RoHS Compliant
- Lifetime Warranty

LIFETIME WARRANTY
Comprehensive

Specifications

Performance Grade: Good
Connector Type 1: DVI-D Male
Connector Type 2: DVI-D Male
Bandwidth or Speed: Up to 10.2 Gbps
Resolution: Up to 1080p
Dual Link Construction: Yes
Gauge: 28AWG
Center Conductor: Tinned Copper
Connector Finish: Gold Plated

Shielding: Triple Shielded, Inner 100% Aluminum Mylar Wrap, Outer 100% Aluminum Mylar Wrap, 85% Braid
UL Rated: Yes
UL Rating: VW-1
RoHS Compliant: Yes
Jacket Type: Xtra-Flex PVC
Jacket Color: Black
Temperature Rating: 75 deg C
Voltage: 30V
Warranty: Lifetime
