

Kestrel Tab-Tension 2 CLR® 3

Motorized CLR Floor-Rising Projection Screen

Compatible with Tabletop/Bottom Mounted Ultra-Short Throw Projectors ONLY

Product Description

The Kestrel Tab-Tension 2 CLR® 3 is an electric free-standing projector screen with Ceiling Light Rejecting® technology to combat the washout effect from overhead lighting in bright room environments. The material ascends and descends into its housing for a non-invasive solution where permanent wall or ceiling installations are not practical.

The CLR® 3 material is configured in a tab-tensioned format to ensure a taut, flat, and ripple-free projection surface suitable for ultra-short throw projectors. Available in either a black or white housing to fit any room décor.

Models	Diagonal	Aspect Ratio	View Width	View Height	Material	Gain	Case Color	Bottom Border
FTE101UH3-CLR3	101"	16:9	88.0 in	49.5 in	CLR® 3	0.8	Black	8 in

Product Features

- CLR® 3 Ceiling Light Rejecting material absorbs up to 90% of overhead lighting
- Lenticular sawtooth micro-structure filters out ambient light for superior image brightness and contrast
- Dedicated reflective and absorbent layers maximize projector performance in ambient light room environments
- Improves and enhances black levels and color saturation
- Wide viewing angle allows viewers to see a clear picture with equal brightness from any angle
- Available in diagonal sizes 101" and 121" in 16:9 aspect ratio
- Black backing eliminates light penetration to avoid picture degradation
- Elegant moisture resistant black or white aluminum housing options
- Rises and lowers using "scissor-backed" industry grade cross risers
- Project from within a short distance without shadowing the picture
- Includes Infrared (IR) and Radio Frequency (RF) remote controls
- Wireless 12v trigger included – Synchronizes the screen's Up/Down operation with the projector's power cycle
- Up/Stop/Down toggle switch for manual operation
- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
