

The **Starling Tab-Tension 2 CineGrey 4D** is a high-quality electric tab-tensioned motorized screen. It utilizes our Cine-Grey 4D, which is a ceiling ambient light rejecting front projection surface. It has an elegant arcuate shaped aluminum housing in a black finish that allows floating brackets to attach for a quick and easy installation for wood stud alignment. It includes a handful of control options and has a tensioning system to maintain a taut and ripple-free projection image.

## Screen Material

- CineGrey 4D 1.1 Gain Ceiling Ambient Light Rejecting Material
- Angular Reflective CLR/ALR Front Projection Surface for Standard “long” Throw Projectors
- Multi-layer matrix uses reflective and absorbent micro-particles to eliminate 63% of ambient light
- ISF Certified for Accurate Color Reproduction – An Industry Standard for High-Fidelity Video Display Systems
- Enhances color contrast with excellent fidelity and uniformity
- 4-sided black masking borders enhance picture contrast
- 4K Ultra HD, HDR and Active 3D compatible
- Available in diagonal sizes: 106", 126", and 140" in 16:9 aspect ratio

## Design & Operation

- Elegant arcuate shaped case in black finish is moisture resistant
- Tab-tension design helps maintain a flat and taut projection surface
- Flush wall/ceiling floating brackets included permit wood stud installation and slide horizontally for proper centering
- Radio Frequency remote included for long distance control; does not require line of sight
- Infrared remote control included with extended IR sensor for a concealed installation but still require infrared control
- Wall mountable remote-control cradle
- 12-volt trigger enables Drop/Rise operation to synchronize with the projector's power cycle
- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
