

EZC-USB

EZC wireless USB adapter

- **Tiny and lightweight – smaller than Full Size SD Card - 2.4Ghz and 5Ghz WiFi Bands**
- **Enables Creative Cast for Wireless presentation - Optoma Marketplace streaming and browsing***
- **Slots seamlessly into USB Port with Minimal protrusion on ML1080 & ML1080ST**
- **Use with Smart Projectors ML1080/ML1080ST, UHZ50, ZH507+, UHD55**

EZC USB enables Creative Cast Mirroring and Casting along with Optoma Marketplace access for video streaming and web browsing on Optoma Projectors such as ML1080, ZH507+, UHZ50, and UHD55.

EZC USB's 5Ghz WiFi Band allows 4K Streaming on local network and the Internet while delivering blazing fast downloads.
