Compatible Wall-Mount Bracket Information
Use the following Sony Wall-Mount Bracket with your TV model.

- ① TV's rear cover / Couvercle arrière du téléviseur / Parte posterior del TV
- ② Wall-Mount Bracket / Support de fixation murale / Soporte de montaje mural

Use with other Wall-Mount Brackets* may cause instability and could result in property damage or injury.

*1 Only for limited region/country/model.
*2 For instructions on using the Wall-Mount Bracket with your TV please go to <https://www.sony.com/am/support> for your TV model and download "Wall-Mount Bracket".

To Customers
Sufficient expertise is required for TV installations. Be sure to subcontract the installation to a Sony dealer or licensed contractor and pay adequate attention to safety during the installation.

Before setting up your TV
Some TV models are packaged with a detached Table-Top Stand so you can mount your TV to a wall right away. See "Installing the TV to the Wall" if you want to mount the TV to a wall. If you are not mounting the TV to a wall, you will need to attach the Table-Top Stand (refer to the Setup Guide).

Be sure to consider the following while setting up your TV:
• Disconnect all cables when carrying the TV.
• Before transporting the TV set, remove the terminal covers.
• Two or more persons are needed to transport a large TV set.
• Correct hand placement while carrying the TV is very important for safety and to avoid damage.
• When handling or mounting the TV set, do not lay down the TV (for applicable TV model only).

The BRAVIA® 4K TV Experience
Thank you for choosing Sony! Your new BRAVIA® TV opens the door to the "4K TV Experience". This document will help you get the most out of your TV. Please take a moment to register your TV at:
U.S.A.:
<https://productregistration.sony.com>
Canada:
<https://www.sony.ca/registration>
This TV displays all video input signals in a resolution of 3840 dots x 2160 lines.

Note:
• For supported PC formats, refer to the online Help Guide.
Guidelines for IR Remote Control
• Point your remote control directly at the IR sensor located on your TV.
• Make sure that no objects are blocking the path between the remote control and the IR sensor on your TV.

Note:
• For supported PC formats, refer to the online Help Guide.
Guidelines for IR Remote Control
• Point your remote control directly at the IR sensor located on your TV.
• Make sure that no objects are blocking the path between the remote control and the IR sensor on your TV.

Securing the TV
Sony strongly recommends taking measures to prevent the TV from toppling over. Unsecured TVs may topple and result in property damage, serious bodily injury or even death.

Preventing the TV from Toppling
• Secure the TV to a wall and/or Stand.
• Do not allow children to play or climb on furniture and TV sets.
• Avoid placing or hanging items on the TV.
• Never install the TV on:
- slippery, unstable and/or uneven surfaces... furniture that can easily be used as steps, such as a chest of drawers.
- Install the TV where it cannot be pulled, pushed, or knocked over.
- Install the TV so that the TV's Table-Top Stand does not protrude out from the Stand (not supplied). If the Table-Top Stand protrudes out from the Stand, it may cause TV set to topple over, fall down, and cause personal injury or damage to the TV.

Fluorescent lamps can interfere with your remote control; try turning off the fluorescent lamps.
If you have any problems with the remote control, reinsert or replace your batteries and make sure that they are correctly inserted.

Installing the TV to the Wall
Using the optional Wall-Mount Bracket (SU-WLB55 only)* (not supplied)

To Customers:
For product protection and safety reasons, Sony strongly recommends that installation of your TV be performed by Sony dealers or licensed contractors. Do not attempt to install it yourself.

To Sony Dealers and Contractors:
Provide full attention to safety during the installation, periodic maintenance and examination of this product.

Wall-Mount Bracket Installation Information
For instructions on Wall-Mount Bracket installation, see the Installation Information (not supplied) on the Sony Customer Support website for your TV model at the following address:
<https://www.sony.com/am/support>
• Follow the instruction guide provided with the Wall-Mount Bracket for your model. Sufficient expertise is required in installing this TV, especially to determine the strength of the wall for withstanding the TV's weight.
• Sony is not liable for any damage or injury caused by mishandling or improper installation.
• Be sure to store the unused screws and Table-Top Stand in a safe place until you are ready to attach the Table-Top Stand. Keep the screws away from small children.

Troubleshooting
General troubleshooting for issues like: black screen, no sound, freeze picture, TV does not respond, or network is lost, do the following steps:
1 Restart your TV by pressing the power button on the remote control for about five seconds. The TV will restart. If the TV does not recover, try unplugging the AC power cord then press the power button on the TV and release it. Wait for two minutes, and plug in the AC power cord.
Or, press the power button on the TV for about 40 seconds until the TV turns off.
2 Refer to the Help menu shown below.
3 Connect your TV to the Internet and perform a software update. Sony recommends you to keep your TV software updated. Software updates provide new features and performance improvements.
4 Visit Sony support website (information provided at the end of each language).
5 Perform the factory data reset.

When you plug in the TV, the TV may not be able to turn on for a while even if you press the power button on the remote control or the TV.
It takes time to initialize the system. Wait for about one minute, then operate it again.
How to reset the TV to factory settings
WARNING: The reset will clear all of your customized settings including the parental lock setting.
You can reset the TV to factory settings by selecting [Factory data reset]. How to select [Factory data reset], refer to the online Help Guide.
To force factory data reset, unplug the AC power cord. Press and hold Ⓜ button on the TV then plug the AC power cord back in.
For security purposes, be sure to remove all personal and account information before discarding, selling or passing your TV to someone else by unlisting/unregistering, signing out of and deactivating all network services as well as factory reset the TV.

The remote control does not function.
• Replace the batteries.
The parental lock password has been forgotten.
• Enter 4321 for the PIN and enter the new PIN.
The screen becomes darker while watching TV.
• If the whole image or part of the image remains still, the screen brightness will be gradually reduced to prevent image retention. This is not a malfunction of the TV.
You are concerned about image retention.
If the same image is displayed repeatedly or for long periods of time, image retention may occur. To reduce image retention, we recommend that you turn off the TV normally by pressing the power button on the remote control or the TV.
Note
• Perform Panel refresh only when image retention is particularly noticeable. Avoid performing Panel refresh more than once a year because it may affect the usable life of the panel.

Be sure to store the unused screws and Table-Top Stand in a safe place until you are ready to attach the Table-Top Stand. Keep the screws away from small children.

Note:
• Read the supplied safety documentation for additional safety information.
• For more detailed information, visit Sony Customer Support website.*
• Only for limited region/country/model.

Model Name	Wall-mount hole pattern
XR-77A95L	300 × 300 mm
XR-65A95L	300 × 300 mm
XR-55A95L	300 × 300 mm

Be sure to store the unused screws and Table-Top Stand in a safe place until you are ready to attach the Table-Top Stand. Keep the screws away from small children.

Note:
• Read the supplied safety documentation for additional safety information.
• For more detailed information, visit Sony Customer Support website.*
• Only for limited region/country/model.

1 Remove the stand covers and terminal covers.

2 Remove the screws from the rear of the TV.

3 Attach the Wall-Mount Bracket (not supplied) using the screws (not supplied).

Note:
• Using an electric screwdriver, set the torque at approximately 1.5 N m (15 kgf cm).

Detaching the Table-Top Stand from the TV
To detach the Table-Top Stand from the TV, remove the screws.

Note:
• Be careful when lifting the TV as the Table-Top Stand is detached. The Table-Top Stand may topple over and cause personal injury. Take care when removing the Table-Top Stand from the TV to prevent it from falling over and damaging the surface that the TV is sitting on.
• Do not remove the Table-Top Stand for any reason other than to install corresponding accessories on the TV.
• Be sure the TV is vertical before turning on. To avoid uneven picture uniformity do not power on the TV with the panel facing down.
• When attaching the Table-Top Stand again, be sure to fasten the screws (previously removed) to the original holes on the rear of the TV.

Using the Camera and Microphone Unit (supplied)
A software update may be required to use the Camera and Microphone Unit. For the latest information about software updates for your TV, visit: <https://www.sony.com/am/support>

Power and others
Power requirements
110 V - 240 V AC, 50/60 Hz (U.S.A./Canada 120 V AC, 60 Hz)
Power consumption
XR-77A95L: 506
XR-65A95L: 444
XR-55A95L: 348
In standby*
Less than 0.5 W with 120 V AC and less than 0.5 W with 240 V AC
Screen size (measured diagonally) (Approx. (cm))
XR-77A95L: 195.2 / 76.8 (77" class)
XR-65A95L: 163.9 / 64.5 (65" class)
XR-55A95L: 138.8 / 54.6 (55" class)
Display resolution (horizontal × vertical) (pixels)
3840 × 2160
Output rating
500 mA (for USB 1), 900 mA (for USB 2)

Others
Optional accessories
Wall-Mount Bracket: SU-WLB55
Operating temperature
0 °C - 40 °C / 32 °F - 104 °F
*1 Only for limited region/country/model.
*2 2 - 36 for NEXTGEN TV scanning range in U.S.A.
*3 When 4096 × 2160 is input and [Wide mode] is set to [Vertical fit], the resolution is supported up to 3840 × 2160. To display 4096 × 2160, set [Wide mode] setting to [Horizontal fit] [Auto] or [Full].
*4 Refer to the on screen menu to set [HDMI signal format].
*5 Refer to the online Help Guide for details.
*6 HDMI IN 3 and 4 only. Use the Ultra High Speed HDMI Cable to connect.
*7 Connect your audio system to the HDMI IN 3 to route TV audio to your audio system.
*8 Specific standby power is reached after the TV is powered on for a certain period of time.
*9 Standby power consumption will increase when your TV is connected to the network.

Note
• Optional accessories available depends on countries/region/TV model/stock.
• Design and specifications are subject to change without notice.
• Subscriptions for services and applications may be required and additional terms, conditions and/or charges may apply when using Google Assistant.
• Power consumption will increase when the built-in MIC (a software update may be required to use this feature) is enabled as it is always listening.
• Visit Sony website for more information on product specifications.

Licensing Information
• Dolby, Dolby Vision, Dolby Atmos, Dolby Audio, and the double-D symbol are trademarks of Dolby Laboratories Licensing Corporation. Manufactured under license from Dolby Laboratories. Confidential unpublished works. Copyright © 1992-2022 Dolby Laboratories. All rights reserved.
• Gracenote, the Gracenote logo and logotype, "Powered by Gracenote" logo are either registered trademarks or trademarks of Gracenote, Inc. in the United States and/or other countries.

Images that include logos and bright colors (including white) easily cause image retention. Avoid displaying these types of images for long periods of time, otherwise image retention may occur.
A red, green, or blue line appears on the screen.
• The Panel refresh has been performed. A red, green, or blue line may be displayed on the screen during the Panel refresh. This is not a malfunction of the TV. Panel refresh starts after the TV is turned off and takes about one hour to complete.
The message [Panel refresh did not finish...] is displayed.
• When [i] is turned on, the AC power cord is unplugged, or if the room temperature falls outside of the range between 50 °F and 104 °F (10 °C and 40 °C) during the Panel refresh, the Panel refresh is not completed. Please avoid the above three conditions during the Panel refresh.

For more information, refer to the Help Guide.
Press Ⓜ (Input) on the remote control and select [Help]. ([Help] does not exist, select [Edit] and add [Help].
