

Mini Smart Wi-Fi Plug

Model: Tapo P125M

Matter-Certified

Compact Size

Voice Control

Remote Control

Auto-Off

Schedule & Timer

Away Mode

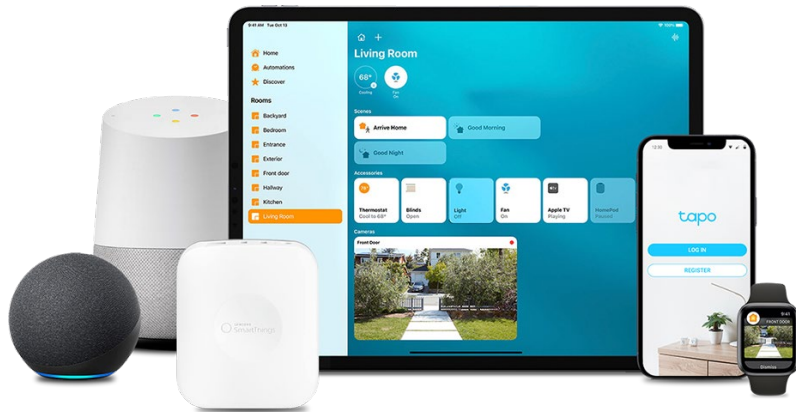

Flame-Retardant

// Highlights

Matter-Compatible

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate P125M into your favorite ecosystems to create a unified smart home*.

Free Up Your Hands with Voice Control

Free up your hands by using simple voice commands with Alexa, Siri®, or Google Assistant.

*The Tapo app will upgrade to be Matter-compatible in the year of 2023.

// Highlights

Live Smarter by Presetting Time

Schedule and Timer features allow you to create weekly schedules and countdown plans, making your life more convenient. With the enhanced Auto-Off feature, your connected devices will automatically turn off each time they are left on for a set time, saving energy.

Share to Family

With the Tapo app, you can share management permissions of Tapo devices with your family members. Additionally, the Matter protocol enables family members to access your home's smart products through different control ecosystems.

// Features

- **Remote Control** – Instantly turn connected devices on/off wherever you are through the Tapo app.
- **Away Mode** – Away Mode will automatically turn your connected devices, like lights, on and off randomly, to make it appear as if you're home.
- **Compact Design** - Tapo P125M is built smaller to avoid blocking adjacent outlets, designed for practicality.
- **Flame-Retardant*** - PC flame-retardant materials help minimize burning hazards.
*Made with V-0 (UL94) flame-retardant materials.
- **Easy Setup and Use** - Use Bluetooth to easily onboard the smart plug within a few steps. With Matter support, Tapo P125M allows users to scan the included Matter code for frustration-free setup.

Set Up with Matter

This is a Matter-certified device. You can integrate it into any Matter ecosystem you prefer for easy control.

How to Set Up

A Matter-supported controller and smart home app of the same ecosystem are required.

1. Turn on Bluetooth on your phone.
2. Open your selected smart home app and scan the provided Matter QR code on your device and the included label.
3. Follow the instructions in the app to complete setup.

Failed to Set Up?

1. Try to connect your phone to a stable 2.4 GHz Wi-Fi network with internet access instead of a 5 GHz network.
2. Unplug your device and plug it back in.
3. Refer to the FAQ for detailed instructions: <https://www.tp-link.com/support/faq/3520/>

// Specifications

General

- Button: Power Button
- Material: PC[†]
- Rating: 100-125 V~ 50/60 Hz
- Max Load: 15 A[‡] Max, 1800 W Max (General Use / Resistive Load), 8 A Incandescent, 1/6 HP Motor
- Protocol: IEEE 802.11b/g/n, 2.4 GHz WiFi, Bluetooth 4.2[§]
- System Requirements: Android 5.0 or higher, iOS 10 or higher

Others

- Package Contents:
Mini Smart Wi-Fi Plug Tapo P125M
Quick Start Guide
