Professional Smart Security

Connect+ Security System

The easiest system to learn and install.

For Professional Security Dealers looking for a simple and high-value smart security system, Alula's Connect+ is straightforward to learn, operate and manage.

Built for a wide range of residential and small business applications, its unique wireless design makes it effortless for alarm dealers to maximize their time and save money by leveraging the industry's quickest installation and 5G-ready, on-demand cellular technology.

Benefits of using Connect+

Save Time

Offer the quickest-to-install system in the industry and increase technician productivity.

Unleash RMR

Increase attachment rates with smartphone control, cameras and automation.

Easy Programming

The easiest platform to learn, operate and manage removes headaches associated with switching systems.

Save Money

Save money by eliminating the inevitable LTE/4G sunset with a system that's 5G-ready.

Better Service

Remote programming, troubleshooting, and over-the-air firmware updates.

Maximum Flexibility

No need to run wires with the ability to place touchscreens in the most convenient location for your customer.
