Information for the remote control with voice command included with this product: Model: RMF-TX920U* Brand: Sony

Compatible Wall-Mount Bracket Information
Sony TV Model No. K-77XR80 / K-77XR80C / K-65XR80 / K-65XR80C / K-55XR80 / K-55XR80C

1. Power TV channel list or switch to input. (Quick settings): Display Quick Settings. (Input): Display and select the input sources, etc. (MENU/Control menu): Display the Control menu.

2. App buttons. RMF-TX920U only. To see the model name of the remote control, open the remote control cover and see the label on the remote control.

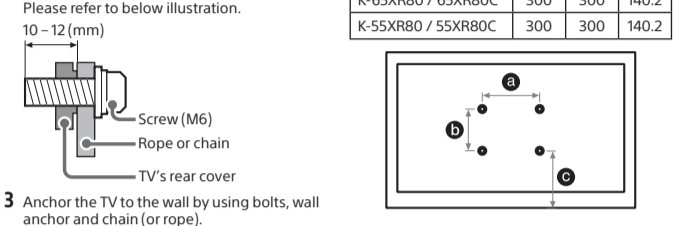

3. Securing the TV. Sony strongly recommends taking measures to prevent cables from being unplugged or unsecured. TVs may topple and result in property damage.

4. Preventing the TV from Topping. Secure the TV to a wall and/or Stand. Do not allow children to play or climb on furniture and TV sets.

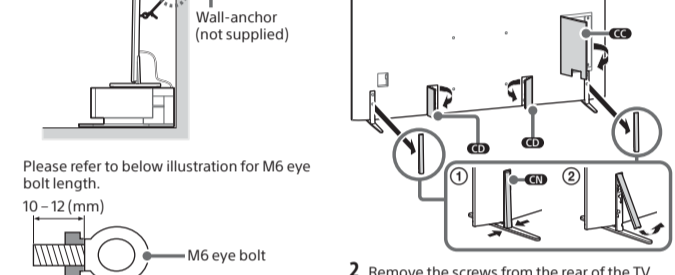

5. Location of the identification label. Labels for the TV Model No. and Power Supply rating are located on the rear of the TV.

6. IMPORTANT NOTICE. Operation of this equipment is subject to the following two conditions: (1) It is possible that this equipment or device may not cause harmful interference and (2) this equipment must accept any interference which is received.

2. Secure the TV to the Stand. Use the optional hardware listed as follows (not supplied): M6 machine screws (screwed into the TV's rear cover). A screw or similar (attach to the Stand). Rope or chain (strong enough to support the weight of the TV).

3. Anchor the TV to the wall by using bolts, wall anchor and chain (if applicable). Wall-mount bolts. Rope or chain (not supplied). M6 eye bolts (not supplied).

4. Attach the Wall-Mount Bracket (not supplied) using the screws (not supplied). Wall-Mount Bracket (not supplied). Screw (not supplied).

5. The BRAVIA™ 4K X-Experience. Thank you for choosing Sony! Your new BRAVIA™ TV offers you the "4K TV Experience".

6. Preventing the TV from Topping. Secure the TV to a wall and/or Stand. Do not allow children to play or climb on furniture and TV sets.

7. Location of the identification label. Labels for the TV Model No. and Power Supply rating are located on the rear of the TV.

8. IMPORTANT NOTICE. Operation of this equipment is subject to the following two conditions: (1) It is possible that this equipment or device may not cause harmful interference and (2) this equipment must accept any interference which is received.

Using the optional Wall-Mount Bracket (except SU-WL85S) (not supplied). This TV's instruction manual only provides the steps to prepare the TV for wall mounting.

For product protection and safety reasons, Sony strongly recommends that installation of your TV on the wall be performed by qualified professionals. Do not attempt to install it yourself.

The remote control does not function. Replace the batteries (except RMF-TX920U). Charge the remote control and confirm the remote control is connected via Bluetooth.

The parental lock password has been forgotten. Enter 037 for the PIN and enter the new PIN. The screen becomes darker while watching TV.

The message [Panel refresh not supported] is displayed. When the TV is turned on or if the AC power cord is unplugged during the Panel refresh.

System TV system. NTS-C: National Television System Committee. ATSC-B:5/6 Terrestrial. ATSC-TX: ATSC 3.0 compliant (Single Tuner).

Power and others. Power requirements: 110 V ~ 240 V AC, 50/60 Hz (U.S.A./Canada 120 V AC, 60 Hz).

6. IMPORTANT NOTICE. Operation of this equipment is subject to the following two conditions: (1) It is possible that this equipment or device may not cause harmful interference and (2) this equipment must accept any interference which is received.

9. IMPORTANT NOTICE FOR MEXICO. Operation of this equipment is subject to the following two conditions: (1) It is possible that this equipment or device may not cause harmful interference and (2) this equipment must accept any interference which is received.

AVIS IMPORTANT. L'exploitation de ce panneau est autorisée aux deux conditions suivantes: (1) Il faut que cet équipement ou appareil ne provoque pas d'interférences nuisibles, et (2) cet équipement ou appareil doit accepter toute interférence, y compris les interférences pouvant entraîner un fonctionnement inadéquat.
