

**1. SUMMARY**

The modular coupler may be used as an in-line device for connecting and/or extending two modular plug-ended line cords.

Extends modular circuits without the hassle and expense of hard-wired connecting blocks.

**2. DIMENSIONS**

SIZE: 4, 6 or 8 conductor

**3. FEATURES & BENEFITS**

- High impact, fire-retardant thermoplastic
- Reverse or straight through wiring
- 4, 6, or 8 conductor

**4. CONFIGURATIONS**

Part #	Part Name	Description
135-0314	159MC-4	4-conductor coupler, reverse wiring, ivory housing
135-0336	159MC-6	6-conductor coupler, reverse wiring, ivory housing
135-0316	159MC-8A	8-conductor coupler, straight wiring, gray housing
135-0317	159MC-8B	8-conductor coupler, reverse wiring, gray housing

159MC-4

159MC-8A
