Specify as a kit or a-la-carte solution featuring the options in the Ordering Information section

Features & Benefits

- With six video, two phone, and three data distribution options, solutions can be efficiently optimized for differing project specifications. Reference the Ordering Information section for complete details.

- Enclosure can be flush or surface mounted

    · For flush mounting, use the mounting tabs, sliders and drywall depth indicators to attach tightly and even to varying stud bay widths and drywall depths

    · For surface mounting, mounting holes are provided

- Screws are provided with the enclosure for mounting and optional door locking

- Knockouts for cable include screw driver holes to remove faster

- Elegant snap-on cover easily attaches and removes from the enclosure

- A six-pack of enclosures and covers (EN0806) is available to save cost and waste materials on large projects
