

## 15 ft. Power Extension Cord, Right-Angle NEMA 5-15P to NEMA 5-15R - 10A, 120V, 18 AWG, Black

MODEL NUMBER: P022-015-15D

15-foot extension cord connects two devices with 5-15P/5-15R power connectors or extends your existing power connection.

### Features

#### 15-Foot Extension Cord Connects Computers, Printers, Servers and Other Equipment

This power extension cable is designed for small data center or office workstation applications that do not require a heavy-gauge connection. With a right-angle NEMA 5-15P plug on one end and a NEMA 5-15R receptacle on the other, this cord can be used to power a computer, printer or monitor; attach a rack server to a UPS system or PDU; or extend an existing connection up to 15 feet. The 15-foot length allows you great flexibility in placing equipment with respect to the power outlet.

#### Right-Angle Plug Makes Connecting in Tight Spaces Easier

The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.

## Specifications

### Highlights

- Recommended for powering computers, monitors and other essential peripherals
- Ideal for home/office applications, small server rooms and data centers
- Right-angle plug allows easier connection in confined or hard-to-reach spaces
- Adds 15 ft. to your existing connection to provide more flexibility in placing devices
- Ideal replacement for worn-out or missing 15 ft. extension cord

### Applications

- Connect devices like computers, servers and monitors to a PDU up to 15 ft. away in your data center
- Extend an existing power connection up to 15 ft. to more easily place a device or reach a power source away from your workstation
- Provide a high-quality replacement for a worn-out or missing power cord

### Package Includes

- P022-015-15D Power Extension Cord, Right-Angle NEMA 5-15P to NEMA 5-15R, 15 ft., Black
