MC cable...

Snap assembly
into box. Done!

Arlington's new one-piece **RETROFIT SNAP²IT[®]** fittings are *easy to use in an OLD or NEW WORK installation* – and they handle the widest variety of cables!

They are ideal for adding additional circuits to a load center. And you get the same labor-savings in a retrofit installation!

Installation is quick and easy with **NO TOOLS** required. To install in an installed box, pull the cable/conduit through the knockout. Slip the fitting onto the cable, then snap the assembly into the box. That's it!

- **Widest total cable ranges**
Our retrofit Snap²It[®] connectors accommodate cables from 14/2 to 10/3.
- **Widest variety of cables**
For AC, MC, HCF, MC continuous corrugated aluminum cable, MCI-A cables (steel and aluminum), AC90, ACG90 and FLEX.
- **Super-secure installation**
No pullout!
- **Fully assembled one-piece design**
with insulated throat.

*Check out our **NEWEST** style fittings with built-in ground!*
