

The 3.5mm stereo audio cable is perfect for connecting audio devices. The cable allows for the connection of hardware such as MP3 or CD players, tablets, speakers, PC/TV tuners and other audio devices to a multimedia speaker. Fully molded connectors provide excellent strain relief while nickel plated contacts provide superior connectivity and a durable, long life. Enjoy lasting quality and excellent performance no matter the connection.

## Features & Benefits

Carries Stereo Audio signals

Shielded to help reduce interference

Fully molded connector and strain relief
