

# New Product Introduction

Commercial UPS and compact UPS

## Applications:

UltraTech's new uninterruptible power supplies (UPS) provide surge protection and simulated sine wave backup power. 0E-1500VASNM and 0E-1000VASNM keep corporate and department servers, network devices and telecom equipment up and running, while the compact 0E-850V8LCD supports smaller installations, including workstations, home networking and home theater equipment.

## Features:

- Line-interactive or standby topology
- Line-interactive UPS include automatic voltage regulation (AVR)
- Simulated sine wave output
- LCD display
- PowerPanel® software for remote monitoring and management

## UPS Portfolio:

| Part Number   | Description   |
|---|---|
| <b>Line-Interactive Rack/Tower Mount UPS (Commercial)</b> |   |
| 0E-RCKMT2200  | 2200VA / 1540W capacity, 8 outlets (8 surge + battery backup), Sine wave, AVR, LCD display, 2U rack/tower mount             |
| 0E-RCKMT1500  | 1500VA / 1050W capacity, 8 outlets (8 surge + battery backup), Sine wave, AVR, LCD display, 2U rack/tower mount             |
| 0E-1500VASNM <b>NEW</b>                                   | 1500VA / 900W capacity, 8 outlets (8 surge + battery backup), Simulated sine wave, AVR, LCD display, 2U rack/tower mount    |
| 0E-RCKMT1000  | 1000VA / 700W capacity, 8 outlets (8 surge + battery backup), Sine wave, AVR, LCD display, 2U rack/tower mount              |
| 0E-1000VASNM <b>NEW</b>                                   | 1000VA / 600W capacity, 6 outlets (2 surge, 4 surge + battery backup), Simulated sine wave, AVR, LCD display, 1U rack mount |
| 0E-RCKMT700   | 700VA / 400W capacity, 6 outlets (2 surge, 4 surge + battery backup), Simulated sine wave, AVR, LCD display, 1U rack mount  |
| <b>Line-Interactive UPS (Commercial and Residential)</b>  |   |
| 0E-1500V10RD  | 1500VA / 900W capacity, 10 outlets (5 surge, 5 surge + battery backup), Simulated sine wave, AVR, LCD display, Mini-tower   |
| 0E-1000V9RD   | 1000VA / 600W capacity, 9 outlets (4 surge, 5 surge + battery backup), Simulated sine wave, AVR, LCD display, Mini-tower    |
| 0E-825V12VRD  | 825VA / 480W capacity, 12 outlets (6 surge, 6 surge + battery backup), Simulated sine wave, AVR, LCD display, Compact       |
| <b>Standby UPS (Commercial and Residential)</b>           |   |
| 0E-850V8LCD <b>NEW</b>                                    | 850VA / 510W capacity, 12 outlets (6 surge, 6 surge + battery backup), Simulated sine wave, LCD display, Compact            |
| 0E-625V8LCD2  | 625VA / 390W capacity, 8 outlets (4 surge, 4 surge + battery backup), Simulated sine wave, LCD display, Compact             |
| 0E-350V6  | 350VA / 255W capacity, 6 outlets (3 surge, 3 surge + battery backup), Simulated sine wave, Compact                          |
| <b>Additional Products (Commercial)</b>                   |   |
| 0E-RCKMTSURG  | 3600J surge protector with power conditioning, 12 outlets, 400V clamping voltage, 1U rack mount                             |
| 0E-RCKMPDU8   | Single phase power distribution unit, 8 outlets, Unfiltered 100-125VAC, switch-free, 1U rack mount                          |
