C-XLQM/XLQF

XLR Quad Cable

Kramer's C-XLQM/XLQF is a quad style professional-grade mic or line level audio cable. 4-core star quad cables with mutually offsetting twisting technology can reduce induction noise levels to 10% of that in regular two-pair balanced microphone cable

FEATURES

Quality Construction - The four-conductor quad style arrangement cancels electromagnetically induced noise from fluorescent lighting ballasts and AC power transformers

Super Flexibility - Large numbers of thin bare copper wire strands in both the conductors and shield produce a highly flexible cable

Special XLPE Insulation - Excellent electrical characteristics and no shrink-back during soldering. Hand-soldered premium XLR connectors

Varied Selection of Lengths - Available in versions of 1 to 150ft (0.3 to 45.7m)
