

2 Total Outlets

Fireproof MOV

Surge Protection

Filter Banks

The WB-200-IW-2-WHT In-Wall Power Conditioner offers the best of both worlds – professional-grade surge protection and noise filtration – so audio/video equipment is well protected and works effectively. Its recessed design is perfect for fitting behind the thinnest flat-panel TVs.

FEATURES

Protects Expensive Electronics

Keeps connected equipment safe and sound with best-in-class surge protection that “clamps” excess energy down to safe levels.

Improves Audio / Video Performance

Removes noisy interference coming from other components/ electronics, providing the best performance possible.

Prevents Electrical Shock

Keeps wandering hands out of harm’s way with built-in child safety shutters.

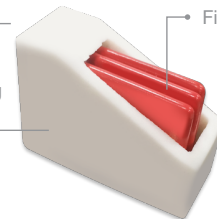

Prevents System Fires

Features ceramic-encased MOVs to protect your system and home from fires within the surge protection components.

Ceramic Casing

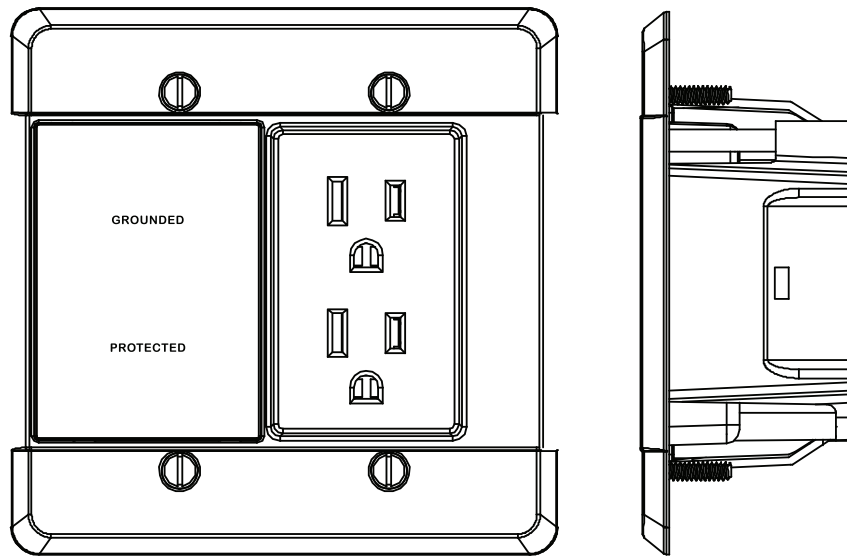

Fireproof MOVs

WATT BOX™

LIFETIME LIMITED WARRANTY

This WattBox™ product has a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
