

USB-C® 10-IN-1 TRIPLE DISPLAY DOCKING STATION

The USB-C 10-in-1 Triple Display Docking Station upgrades your workspace to a new level of efficiency and convenience. Designed to transform your USB-C enabled laptop or tablet into a powerhouse of connectivity, this sleek docking station offers features that redefine how you work, whether in the office or working from home.

Triple display connectivity supports resolutions up to 720p (1280 x 720) at 60Hz to elevate your multitasking experience. Dual display resolutions increase to 1080p when connecting to any combination of the display ports. Single display resolutions go up to 4K (3840 x 2160) at 30Hz when connecting to the DisplayPort or HDMI port.

The USB-A ports support data transfer speeds up to 5Gbps and allow you to connect your favorite peripherals and accessories effortlessly, enhancing your setup's functionality. The USB-C port supports power delivery up to 100W to ensure your laptop stays fully charged and is ready for on-the-go. The integrated Ethernet port allows reliable internet connectivity with fast network access up to 1G. Whether you're a photographer or videographer, the included SD card reader makes it a breeze to access and share your files.
