Schedule & Timer

Highlights

Matter-Certified

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate KP125M into your favorite ecosystems to create a unified smart home.

Note:
1. The Kasa Smart app will upgrade to be Matter-Compatible in 2023.

Energy Monitoring

The upgraded Energy Monitoring feature offers more comprehensive insights into home appliances' power consumption with intuitive and straightforward data visualizations. It also supports setting your electricity rate (supports both single or time-of-use billing) to estimate your energy bills.

Note:
1. The new version of Energy Monitoring will be available soon.
2. Energy monitoring is not supported in the Apple Home app.
3. The app screen depicted is for visual reference only and does not necessarily represent actual product operation or app appearance.

Highlights

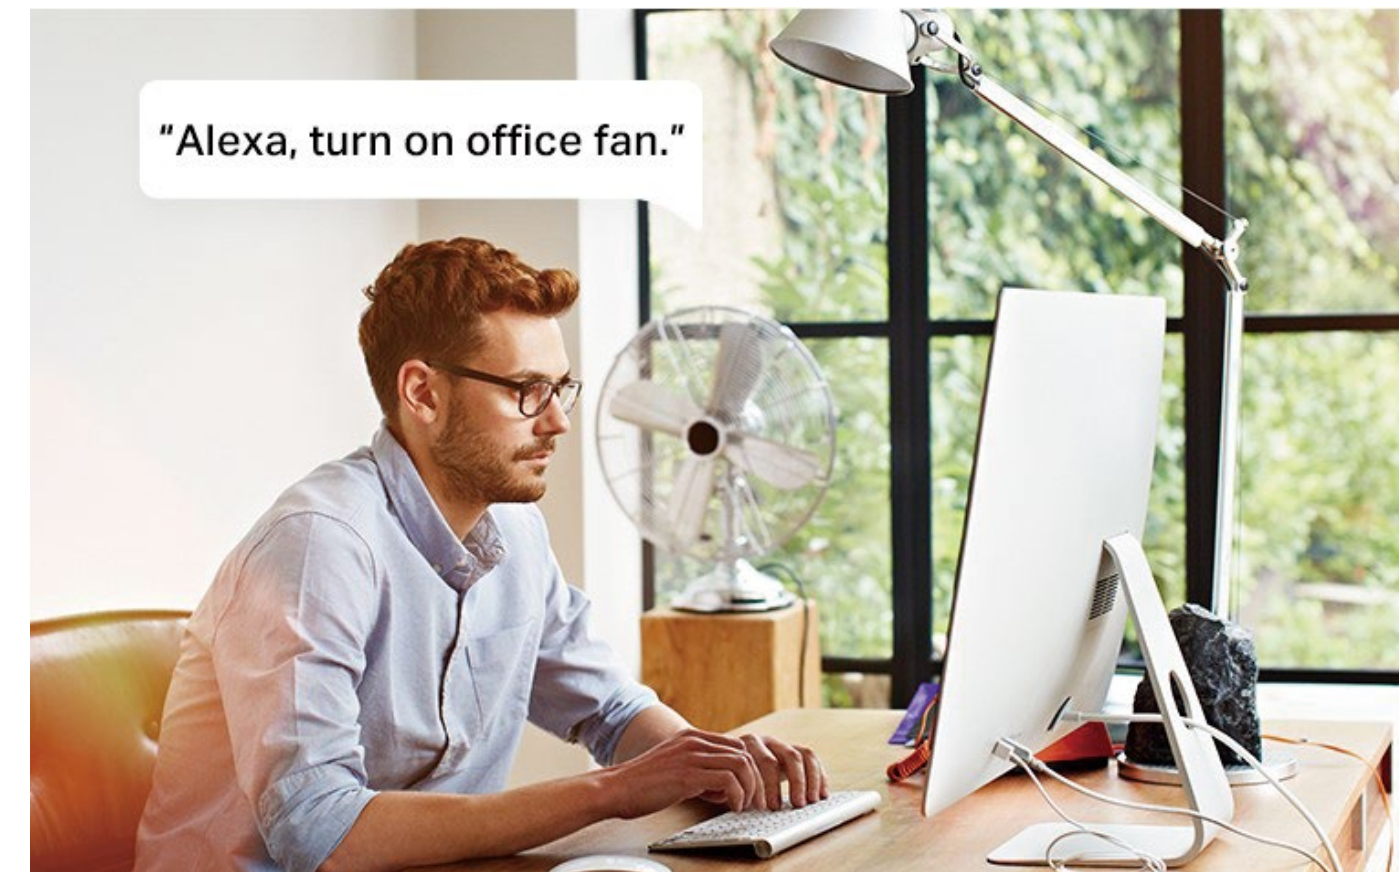

Live Smarter with Presets

Schedule and Timer features allow you to create weekly schedules and countdown plans, making your life more convenient. With the enhanced Auto-Off feature, your connected devices will automatically turn off each time they are left on for a set time, saving energy.

Voice Control

Free up your hands by using simple voice commands with Alexa, Siri®, Google Assistant, or any other Matter-compliant voice assistant.

Features

Smart Features

- **Remote Control** – The smart plug makes it easy to manage your household electronic devices anywhere in the world with the free Kasa Smart app on your phone.
- **Group & Scenes** – Group your KP125M with other Kasa devices, or Matter devices to turn them all on or off with one click or choose a custom preset with scenes for a more personalized smart home experience.
- **Away Mode** – Simulates someone being home by turning plugged-in devices (like lamps) on and off randomly to deter intruders.

Compatibility

- **All-Round Compatibility** – Control smart plugs using the leading voice assistants such as Siri®, Alexa, Google Assistant. Use the Kasa Smart app, Apple Home app, Alexa app, or any Matter-certified app to set up your smart plug and control connected devices while at home.
- **Share to Family** – The Matter protocol enables family members to access your home's smart products through different control ecosystems.

Ease of Use

- **Space-Saving Design** – The smart plug is built smaller to avoid blocking adjacent outlets, allowing two plugs to stack in the same outlet.
- **Easy Setup** – Download the Kasa Smart app and follow app instructions to set up your plug.

Specifications

Working Status

- Rating: 100 -120 V~, 50/60 Hz
- Max Load: 15 A, 1800 W (General Use / Resistive Load)

General

- Package Contents:
KP125M
Quick Start Guide
- Certifications: RoHS, FCC, UL, IC
- Button: Power and Settings button
- Dimensions: 2.6 x 1.5 x 1.6 in (66.5 x 38 x 40 mm)
- Operating Temperature: 0 °C~ 40 °C (32°F ~ 104°F)
- Operating Humidity: 10%~90% RH, Non-condensing
- Material: PC
- *Made with V-0 (UL94) flame-retardant material.

Requirements

- 2.4 GHz Wi-Fi, 802.11b/g/n
- Kasa Smart app and account

Set Up with Matter

This is a Matter-certified device. You can integrate it into any Matter ecosystem you prefer for easy control.

How to Set Up

A Matter-supported controller and smart home app of the same ecosystem are required.

1. Turn on Bluetooth on your phone.
2. Open your selected smart home app and scan the provided Matter QR code on your device and the included label.
3. Follow the instructions in the app to complete setup.

Failed to Set Up?

1. Try to connect your phone to a stable 2.4 GHz Wi-Fi network with internet access instead of a 5 GHz network.
2. Unplug your device and plug it back in.
3. Refer to the FAQ for detailed instructions:
<https://www.tp-link.com/support/faq/3520/>
