the adorne® collection

THE GUEST EXPERIENCE: IT'S ALL IN THE DETAILS.

The adorne® collection illuminates your hotel with brilliant solutions, raising the bar on beauty and convenience. A delicious array of natural finishes, vibrant colors, and ingenious ideas will let your guests see hospitality in a whole new light.

IT'S THE LITTLE THINGS THAT
BRING ON THE
WOW.

Look closely at the average light switch, and you'll quickly realize how utterly average it really is. Now you can address this bland problem with gorgeous natural finishes like sumptuous leather, pewter, nickel, oak, wenge, and stainless steel. Say hello to the future of light (and goodbye to yesteryear).

A TOUCH OF INGENUITY
IS ALWAYS A NICE
SURPRISE.

Who's not delighted by a touch of unexpected genius? Put our brightest ideas (like the Pop-Out Outlet) at your fingertips. Hello, touchscreen generation. Goodbye, ugly outlets and plain old toggle switches.

WHERE GUESTS MAKE A BEAUTIFUL CONNECTION.

These days, convenience is king — and every king should look amazing. Handsome power options let guests plug and play without sacrificing an ounce of class to tasteless, techy plugs and portals. The future of convenience is here — and it looks very good, indeed.

WALL PLATE: BLACK MIRROR | DEVICE: MAGNESIUM TAMPER-RESISTANT OUTLET, 20A AND DUAL USB OUTLET

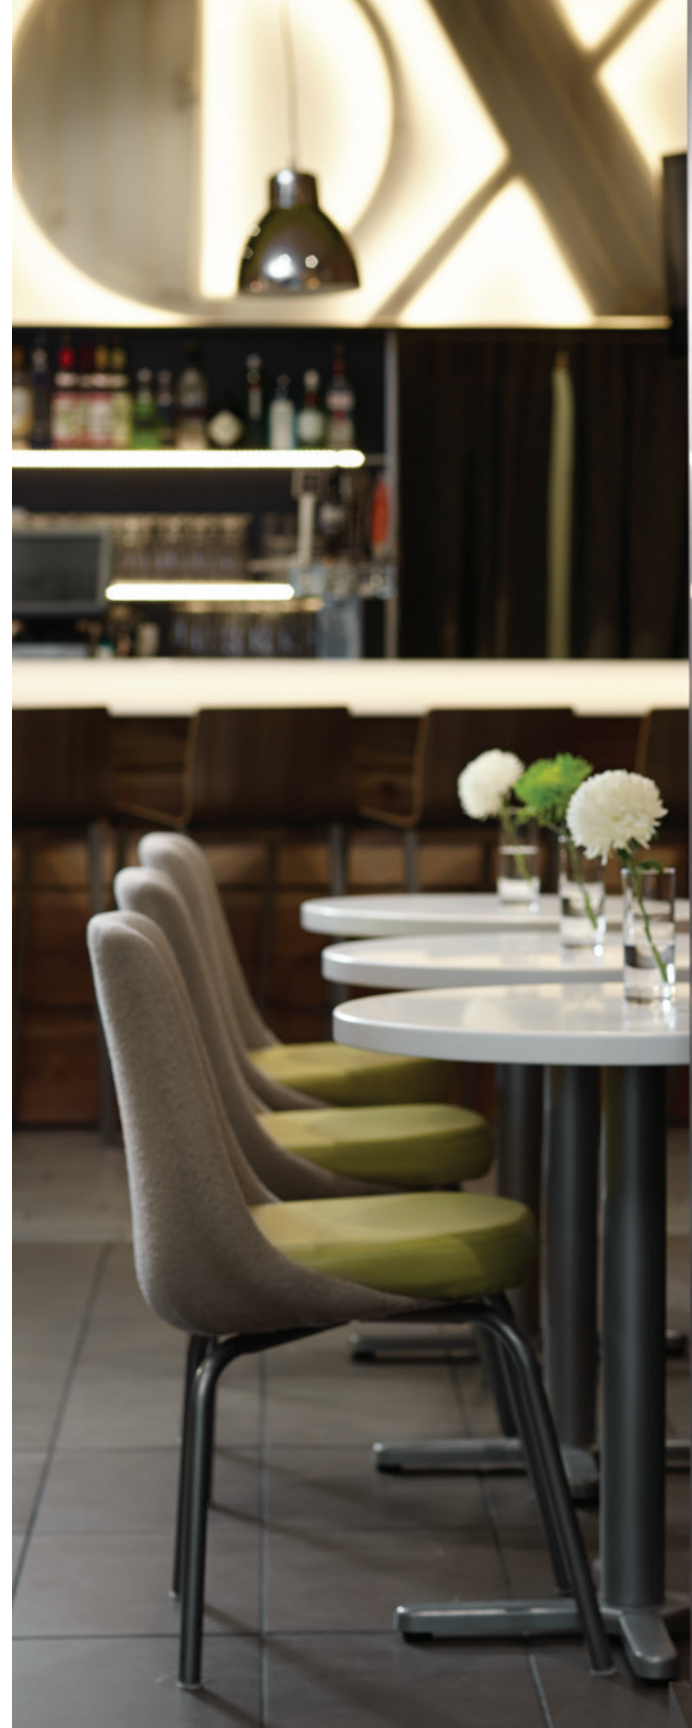

LET YOUR PERSONALITY SHINE.

Your hotel is a statement. We provide the exclamation point. From corporate cool to five-star fashionista, an endless array of combinations means there's something for every taste and style.

TOUCHES OF BRILLIANCE.

Switches and dimmers are at the heart of the adorne collection. Each features clean design and an infinitely helpful locator light to find it in the dark. Whether you favor a simple touch (like on your smart phone), a satisfying click, or even the wave of your hand, adorne makes it a delight to hit the lights. **All products are available in white and magnesium colors.**

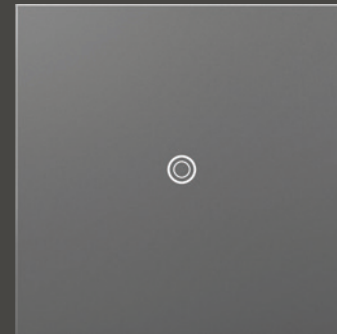

SWITCHES & DIMMERS

Paddle™ Switch: A wide, graceful curve works with a simple up-and-down motion, allowing you to turn lights on and off with ease.

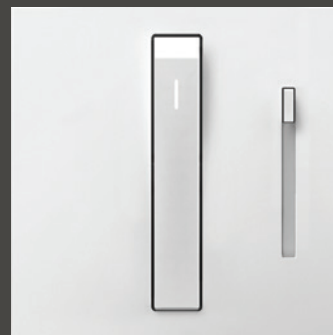

Whisper™ Switch: A smart design that features elegant lines and a quiet, fluid motion.

sofTap™ Switch: Designed with an innovative micro-movement that turns lights on and off with just a soft "tap" of the finger.

Wave™ Switch: Simply wave your hand to turn lights on and off.

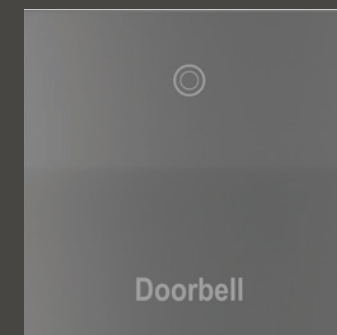

SensaSwitch™: Sensor turns lights on when you enter a room and off when you leave. (Also available in Manual-ON/Auto-OFF format.)

Touch™ Switch: A stunning translucent face works just like an iPhone® — simply touch your finger on the circle to turn lights on and off.

Push™ Switch: A tactile, finger-sized impression lets you turn lights on and off with a simple push-button motion.

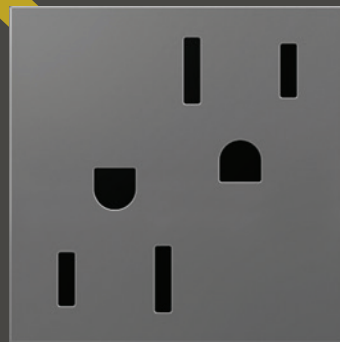

NEW! Engraved Paddle Switch: Now engraving "master", "nightlight", and "doorbell" on Paddle Switches for easy identification. 20A series and 4-way versions are made to order.

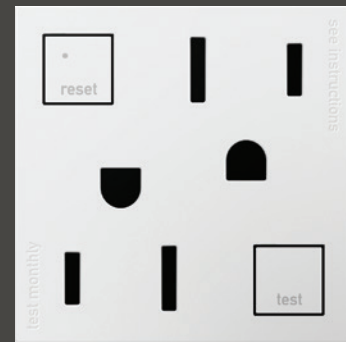

UNPLUG FROM ORDINARY.

Are you so accustomed to the average outlet that you've never even imagined greater possibilities? Fortunately, we've spent a lot of time reinventing the ordinary — from an outlet that hides until you need it, to convenient in-wall smart device connections, and much more. Plugging in has never been so stylishly convenient.

1-Module Paddle Switch: Provides two switches in the space of one.

Sometimes the best ideas just pop out.

A gentle push reveals the genius of the adorne Pop-Out™ Outlet — three places to plug in that elegantly hide away when not in use.

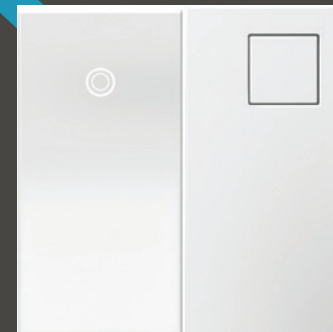

BRIGHT IDEAS AROUND.

You've never seen a nightlight that hides itself so cleverly, yet responds so elegantly to a simple touch (like our Accent Nightlight below). Or one that can be lifted from its home on the wall to double as a carry-around flashlight (like our clever Portable Nightlight/Flashlight). When it comes to brilliant solutions, adorne really shines.

Find us in the dark.

Add a stylish, small locator light to your Paddle, Whisper, or Push switch or dimmer and you'll never again have to slide your hand across the wall trying to find that switch. The locator light is a built-in feature of all other switches and dimmers.

Easy identification

Don't leave your guests in the dark to guess which switch is which. Now engraving "master", "nightlight", and "doorbell" on Paddle Switches for easy identification. 20A series and 4-way versions are made to order.

SURROUND YOUR SWITCH IN STYLE.

Say bye-bye to bland and hello to the possibilities with adorne wall plates. Dozens of options await — including genuine, rich wood finishes, lush cast metals, and an array of vivid colors.
