

## EVANESCE TAB-TENSION CINEGREY 5D®

The **Evanesce Tab-Tension Cinegrey 5D®** is an electric projector screen designed for integrated “in-ceiling” applications. It utilizes our Cine-Grey 5D® ambient and ceiling light rejecting (ALR/CLR®) material that is ISF certified for superb color saturation, contrast and black/white dynamic range that attains superior picture performance either in a dark or bright room lighting. The tab-tensioned feature provides uniform flatness over the entire projection surface. This product is Plenum Rated (UL 2043 Compliant): Making it properly certified for installation in air-handling spaces.

### Screen Material

- CineGrey 5D® 1.5 Gain Ambient and Ceiling Light Rejecting (ALR/CLR®) front projection material
- Multi-layer matrix uses reflective and absorbent micro-particles eliminate up to 75% of ambient light
- Enhances black level dynamic range and color saturation
- Angular reflectivity negates light scatter artifacts
- ISF Certified for accurate Color Points (RGBCMY), Dynamic Range (black/white levels), Color Temperature (white point)
- 4K/8K Ultra HD and HDR Ready
- Flame Retardant: Complies with NFPA 701 Standards
- Available in diagonal sizes 103”/115”/133” in 16:9 HDTV aspect ratio

### Design & Installation

- Disappearing “in-ceiling” design for multi-purpose media room applications
- Below or Above ceiling access accommodates installations from within the room or ceiling space
- Tab-tension designs maintains uniform screen flatness
- White enameled aluminum housing is durable and moisture resistant for structural integration
- Internal Infrared and Radio Frequency receivers with IR/RF remotes; IR “eye” extended sensor included
- Standard 5-12-volt projector trigger to synchronize screen operation with the projector (wired and wireless included)
- 5-year limited manufacturer’s warranty
