

Model KSB14 base

Order sides separately for complete rackmount shelf.

The KS series allows mix-and-match versatility achieving various shelf sizes (base + sides), while providing cost efficient shipping and storage. Model KSB14 is a vented 14"D base. Add 2U, 3U or 4U sides to create a rackmount shelf.

NOTE: BASE AND SIDES ORDERED SEPARATELY.

FEATURES

- **Material:** 16-gauge certified U.S. steel
- **Finish:** Smooth black powder epoxy finish
- **Depth:** 14"
- **Width:** 17.50" (without shelf sides)
- **Hardware:** L-brackets and mounting hardware ships with base
- **Load Capacity:** 50 or 70 lbs. depending on configuration (see chart)
