EXTENDING THE CABLE
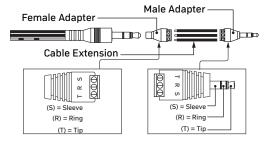

Attach or extend the wire using the provided adapters. Proper polarity MUST be maintained in order to ensure proper operation. Wire pinouts are displayed below for reference.
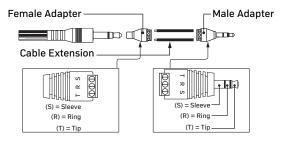

STEREO CONNECTION

MONO CONNECTION

When using a Mono connection, use only the sleeve and tip pins. Check for shorts before using to prevent damage to the system.

NOTE: Only use the Sleeve and Tip, and leave the Ring disconnected.

Contacting Technical Support

We hope enjoy your new Episode® Electronics product. For your convenience, our technical support team is available via phone or email, 5 days a week. Please give us a call or send an email should you have any questions or concerns.
