LGNXTO5ADWF

5.1 MP Turret Network Camera Active Deterrence, Fixed Lens

- 5MP High-Resolution Imaging
- Smart Target Classi f cation (Human& Vehicle) due to deep learning
- Active Deterrence with Red & Blue lights
- 120 dB true WDR Technology
- IP67: Water and dust resistant
- Built-in microphone, audio and alarm interface
- Advanced H.265+ Compression

In short

This advanced surveillance camera delivers 5MP high-resolution imaging and smart target classi f cation (human and vehicle) powered by deep learning. It features active deterrence with red and blue lights, 120 dB true WDR technology, IP67-rated water and dust resistance, a built-in microphone with audio and alarm interface, and advanced H.265+ compression. These features make it a reliable and high-performance security solution for any environment.
