Power Extension Cord, Right-Angle NEMA 5-15P to NEMA 5-15R - 10A, 120V, 18 AWG, 15 ft. (4.57 m), Black

MODEL NUMBER: **P022-015-15D**

15 ft. extension cord connects two devices with 5-15P/5-15R power connectors or extends your existing power connection.

Features

15-ft. (4.57 m) Extension Cord Connects Computers, Printers, Servers and Other Equipment This power extension cable is designed for small data center or office workstation applications that do not require a heavy-gauge connection. With a right-angle NEMA 5-15P plug on one end and a NEMA 5-15R receptacle on the other, this cord can be used to power a computer, printer or monitor; attach a rack server to a UPS system or PDU; or extend an existing connection up to 15-ft. (4.57 m). The 15-ft. (4.57 m) length allows you great flexibility in placing equipment with respect to the power outlet.

Right-Angle Plug Makes Connecting in Tight Spaces Easier The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.
