Works with Apple Home

works with alexa

works with Google Home

Works with SmartThings

Features

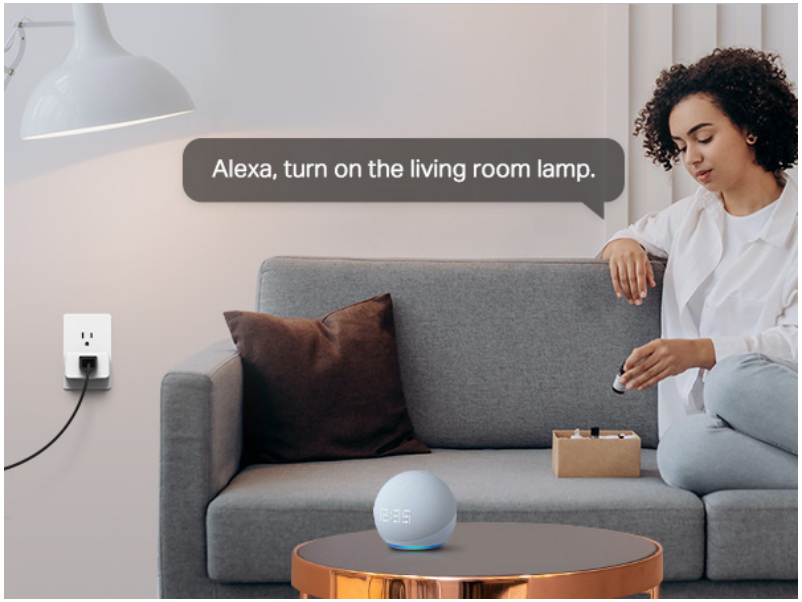
Matter, All-Round Compatibility

With Matter support, using one app to control all smart devices is no longer a fantasy. Integrate PW15 into your favorite ecosystems to create a unified smart home.

matter

Voice Control△

Control your devices with simple voice commands using Siri®, Amazon Alexa, Google Assistant or the SmartThings app, without having to leave your spot.



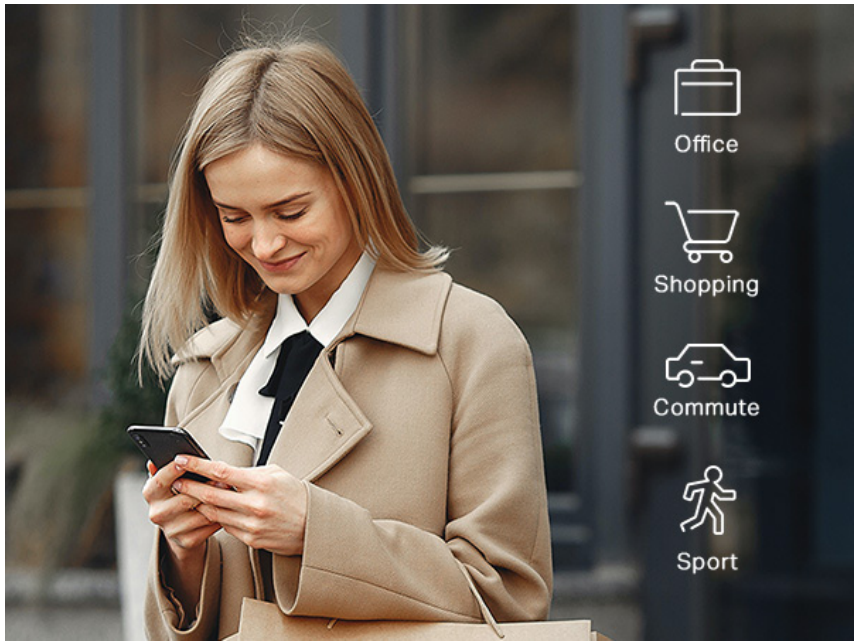
Features

Live Smarter by Presetting Time

The Schedule and Timer features enable you to create weekly schedules and countdown plans, adding convenience to your life.

Remote Control

Manage your connected devices from anywhere with the Tapo app. Designed to simplify your life and help eliminate potential safety hazards.



Features

Away Mode

Intelligently simulate someone being at home by randomly turning the plugged-in device on and off, making it appear as if someone is home.

Share to Family

The Matter protocol enables family members to control your home's smart products through different control ecosystems.
