

Ring Mobile Security Tower

Powerful business security without the high price tag

Protect parking lots, retail spaces, vacant buildings, and more with panoramic coverage, proactive deterrents, and control in the Ring app.

360° visibility in Retinal 4K¹

Get seamless coverage and a crystal-clear view from atop a 12' mast, and see what's happening from anywhere in the Ring app.

Theft deterrence

LED lights and AI-powered Active Warnings call out people detected on your property.^{2, 3} Motion detection triggers a built-in siren.

Move it as your needs shift

Use it anywhere your work takes you. The Ring Mobile Security Tower is simple to set up and easy to reposition — no relocation fees required.

Remote monitoring & control

Monitor your property, see when customers and deliveries arrive, receive real-time alerts, and speak to intruders via Two-Way Talk — all in the Ring app.

Off-grid capability

Add the Ring Battery Pack and Solar Panel Kit for off-grid capability. Then recharge with the sun in regions with sufficient sun exposure.⁴

Powerful protection for less

Pricing starts at just \$4,999, while other security solutions can cost thousands more and charge expensive relocation fees. No long-term contracts required.

Built-in LTE or Wifi

Stay connected to your security from anywhere with built-in LTE or Wifi.⁵

Accessories

Ring Solar Panel Kit

Adds off-grid capability when combined with Ring Battery Pack (sold separately).²

Ring Battery Pack

Adds off-grid capability when combined with Ring Solar Panel Kit (sold separately).²

Ring Trailer Kit

Add the Trailer Kit to easily move your security wherever you need it most.⁶

¹ Viewing resolution may vary depending on connectivity, viewing device, and viewing format.

² Compatible [Ring subscription](#) required.

³ Features not available for customers in Illinois due to state-specific legislation.

⁴ Unplugged operation runs on battery with solar recharging. Service availability varies by location, usage, weather, and season. Areas with limited sunlight may see reduced performance during prolonged overcast conditions and require a nearby 120 VAC outlet for sustained operation (plug-in cable included).

⁵ LTE available with a compatible [Ring subscription](#) and provided through a third-party wireless carrier.

⁶ Trailer kit accessory sold separately by third-party.
