

DA-FM4100

Flush Mount

FLUSH MOUNT FOR SEAMLESS DOME CAMERA INSTALLATION

The DA-FM4100 is a dedicated mount that enables flush installation of dome cameras into ceilings for a clean, professional finish. Constructed from durable plastic, it features a lightweight design of just 0.24kg, reducing installation burden and improving efficiency. With a maximum exposed dimension of Ø140.6mm and an installation dimension of Ø116.4mm, it requires minimal ceiling opening while preserving the building's aesthetic integrity. The white finish ensures seamless integration with interior environments, and compatibility with 4MP and 5MP dome cameras provides consistent visual appearance across various installation scenarios.
