

CAT 6A MDC Modular Cable

DESCRIPTION

Clarity® patch cords utilize center tuned technology to elevate channel performance. Clarity 6A cords are ETL verified to Category 6 and 5e component standards. More importantly, center tuning these cords to Clarity jacks and panels provides significant elevation of channel performance that can be field measured.

FEATURES & BENEFITS

- Center tuned to Clarity 6A connecting hardware for an optimum Category 6A installed performance
- Narrow Paralign plug profile supports use in high-density panels and hubs
- Paralign 2 Plug termination better controls plug performance
- Icon compatible – Provides additional TIA-606-A designation capabilities
- Assembled with premium cordage
- 100% factory tested for performance, reliability, and long life
