Main

Range of product	EcoStruxure IT SmartConnect
Product or component type	Subscription
Digital fulfilment	Digital license via email
Software type	License
Subscription type	Paid
Subscription period	5 years
Plan	Advanced
Type of license	Device license Upgrade license
Format	Digital key
rated power in VA	1...3 kVA
Range compatibility	APC Smart-UPS
Number of input phases	1

Complementary

User language	English
Software designation	EcoStruxure IT SmartConnect Software
System requirements	Web-based software Access to cloud-based SaaS
Software function	Remote outlet group reboot from cloud interface For remote power monitoring Remote firmware distribution and installation on UPS Event log Self test Customizable email notifications
Service benefits	Avoid unnecessary travel to your facilities
Web services	Remote UPS power monitoring

Product benefits / Features

EcoStruxure IT SmartConnect

Benefits

Remote Power Visibility

Stay updated on power performance and availability with secure, cloud-based monitoring and check UPS status from mobile or tablet.

Proactive Device Protection

Extend UPS lifespan with lifecycle notifications, including UPS firmware updates and maintenance alerts that help prevent issues before they occur.

Easy Cloud Connectivity

Get instant remote monitoring through the built-in SmartConnect Ethernet port, enabling quick setup and cost-effective oversight of your power infrastructure.
