

DA-FM2100

Intercom Flush Mount

CLEAN INSTALLATION WITH SLIM DESIGN PROFILE

The DA-FM2100 is a flush mount bracket optimized for recessed camera installations. Constructed from plastic material, it achieves a lightweight design of just 135g, reducing installation workload and enabling flexible deployment across various site conditions. Available in silver and titanium color options, it offers seamless visual integration with interior environments. The separate structure of the top cover and bottom installation bracket enhances installation efficiency, delivering a clean, cohesive finish for both indoor and outdoor applications.
