

DA-TM4200

# Tilt Mount

**LIGHTWEIGHT MOUNT ADAPTER FOR RELIABLE CEILING INSTALLATION**

The DA-TM4200 is a dedicated mount adapter designed for stable camera installation in ceiling environments. Manufactured from aluminum, it combines structural strength with lightweight efficiency, weighing just 0.2kg to streamline installation work. Its compact design—135mm in diameter and 54mm in height—enables flexible deployment even in space-constrained settings. The white finish provides seamless integration with ceiling surfaces, while compatibility with various mounting accessories supports customized configurations for diverse site requirements.

**DATASHEET**

| MECHANICAL     |                                  |
|----------------|----------------------------------|
| Material       | Aluminum                         |
| Color          | White                            |
| Dimensions     | Ø135 x 54(H) (Ø5.31" x 2.13"(H)) |
| Weight         | 0.2kg (0.44lb)                   |
| Relevant Mount | DA-LM2000, DA-RM2000             |
| Relevant Model | DC-Y6S16WRX, DC-Y6C16WRX         |
