

DA-WM4300

Wall mount for Turret

DEDICATED WALL MOUNT SOLUTION FOR STABLE CAMERA INSTALLATION

The DA-WM4300 is a dedicated wall mount designed for stable camera placement. Constructed from EGI (Electro-Galvanized Iron) to prevent corrosion, it ensures structural integrity during long-term operation. The lightweight 0.25kg design and compact dimensions enhance installation efficiency, while the white finish allows for seamless integration with various environments. Engineered for precision, it provides a reliable installation foundation for diverse security applications.
