

Express Install

for Microsoft Teams® Rooms

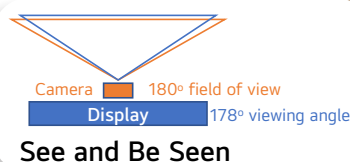

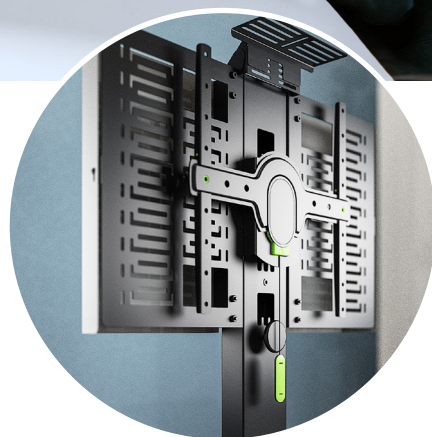

Fast and easy deployment of complete conferencing solutions with vibrant LG 4K UHD display.

Key Benefits:

- **Fast Setup for Reduced Installation Times** – Designed for easy installation with no drilling or mounting.
- **Secure, Immersive Collaboration** – Jabra® PanaCast® 40 VBS offers a 180° field of view and premium audio, ensuring everyone is seen and heard.

- **Sleek and Secure Mounting System** – Keeps equipment secure while neatly concealing cables and components.
- **Reliable Wake Up Control** – Complies with CEC display control standards to properly turn on and off the display from sleep mode.
- **LG Display Options** – Sized and priced to meet various space and budget requirements, LG 4K UHD IPS displays feature a wide 178° viewing angle. If you can see the screen, the camera can see you.

See and Be Seen

Designed specially for Express Install, LG's bundle delivers a streamlined solution that quickly deploys MS Teams rooms. Installing in about 60 mins - this solution helps reduce costs compared to traditional setups and enables fast, scalable deployment of high-quality collaboration spaces.
