

The CB 2-e is a sleek, wall-mounted Help Point® that delivers reliable, hands-free communication with first responders. Featuring a durable stainless steel enclosure and a high-visibility LED beacon/strobe, the CB 2-e provides dependable emergency communication for a wide range of applications. Its slim, low-profile design makes it an excellent choice for parking structures, building entrances, hallways, campuses, and public transit facilities.

Standard Features

- Durable stainless steel construction
- Slim, low-profile design
- High-visibility LED beacon/strobe
- Integrated wall-mountable backplate
- Analog and SIP VoIP communication options
