MODERN™ COLLECTION

Featuring lamped and integrated options plus Luxor® Technology compatibility, these angular fixtures are the go-to solution for contemporary lighting.

- Minimally visible hardware helps fixtures blend seamlessly with their surrounding environment
- Hard lines and edges produce a contemporary look
- Compatibility with Luxor Technology offers zoning, dimming, and color capabilities

Zoning. Dimming. Color.

With the best-in-class Luxor Controller, you get the most advanced low-voltage lighting solution on the market. Use it to turn individual or groups of fixtures on and off at desired times and adjust their intensities from 0% to 100%. When adding color, you can choose from 30,000 vibrant hues for endless design potential. The Luxor Controller also lets you generate and save up to 250 custom colors and design up to 40 themes, ranging from every-night living to holidays and special celebrations.

Integration. Wireless Control. Accessories.

Integrate outdoor lighting with today's most popular home automation systems using the Luxor Controller. The preinstalled LAN Module enables one-touch, Wi-Fi control so you can set up and manage systems remotely while the Luxor Wireless Linking Module enables multi-controller communication. The Luxor CUBE allows you to zone and dim outdoor elements that lack built-in Luxor Technology.
