Why TP-Link

Founded in 1996, TP-Link is a global provider of reliable networking devices and accessories, involved in all aspects of everyday life. The company is ranked by analyst firm IDC as the No. 1 provider of Wi-Fi devices for a consecutive 12 years*, supplying distribution to more than 170 countries and serving billions of people worldwide.

As a global leader in WLAN markets, TP-Link is fully committed to developing home & business networking solutions and services for consumers, providers, and partners, embracing the process of innovation through technology.

*According to the latest published IDC Worldwide Quarterly WLAN Tracker Report, Q4 2022 Final Release.
