

resideo + brilliant

Expand Resideo security systems with total home control

Transform any house or apartment into an easy-to-use smart home by adding Brilliant as a secondary controller to Resideo security. Brilliant makes it easy to control popular smart products, Resideo security, lighting, scenes and more by simply replacing a light switch.

Sell & Install More Smart Home Systems

Start offering an affordable and unified smart home system with monitored security all operated from a single app.

Expand Your Ecosystem Options

Expand the universe of popular smart home products that you can install & integrate with Resideo security systems.

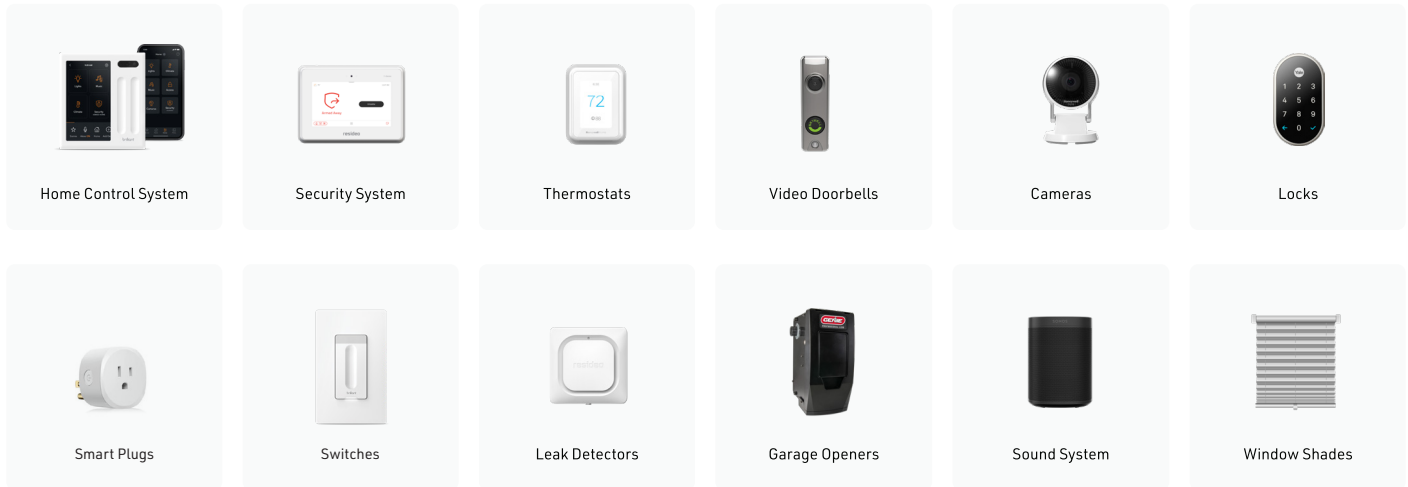

Drive Revenue & Growth

Increase your share of wallet and profit on every system you install and unlock new opportunities to sell next gen smart homes to builders.

Resideo + Brilliant: Making every home a true smart home

Build the perfect security + smart home system for every unique customer

Brilliant works with these Resideo and Honeywell Home products:

- Resideo security systems
- Resideo indoor/outdoor cameras and video doorbells
- Resideo Water Leak & Freeze Detectors
- Honeywell Home thermostats, switches, and outlets

Home Control

Brilliant provides an easy and affordable way for your customers to control and automate their homes using built-in touchscreen controls and an all-in-one mobile app: security, lighting, climate, access, cameras, music & more.

Security

Brilliant integrates with Resideo security, which lets your customers have a unified experience to arm/disarm, view cameras and more from any Brilliant control.

Comfort

Brilliant works with Honeywell Home thermostats and Resideo Water Leak & Freeze Detectors, making it easy for your customers to control and automate their home's climate and receive alerts when leak, freeze, temperature or humidity issues are detected.
