# Comelit.

## A group of 900 people driven by the same spirit.

# Since ever.

Since 1956, we have been making history in the door-entry phone and door entry monitor sector and have actively contributed to its **ongoing** development. Over the years, the experience gained in this specific sector when it comes to meeting installation **requirements**, such as simplicity, reliability and multiple functions, has allowed us to grow and make a name for ourselves as an **international benchmark company**.

Our **values** and our business **vision** are the foundation upon which we have developed a well-run, well-structured global organisation, with **10 branch offices**, **6 Research and Development centres**, more than **900 employees** and a commercial presence in **over 90 countries**.

In addition to video door entry systems, we design and build anti-intrusion, video surveillance, home automation, fire protection and access control systems, which makes us a single partner specialising in protecting people and their environment.

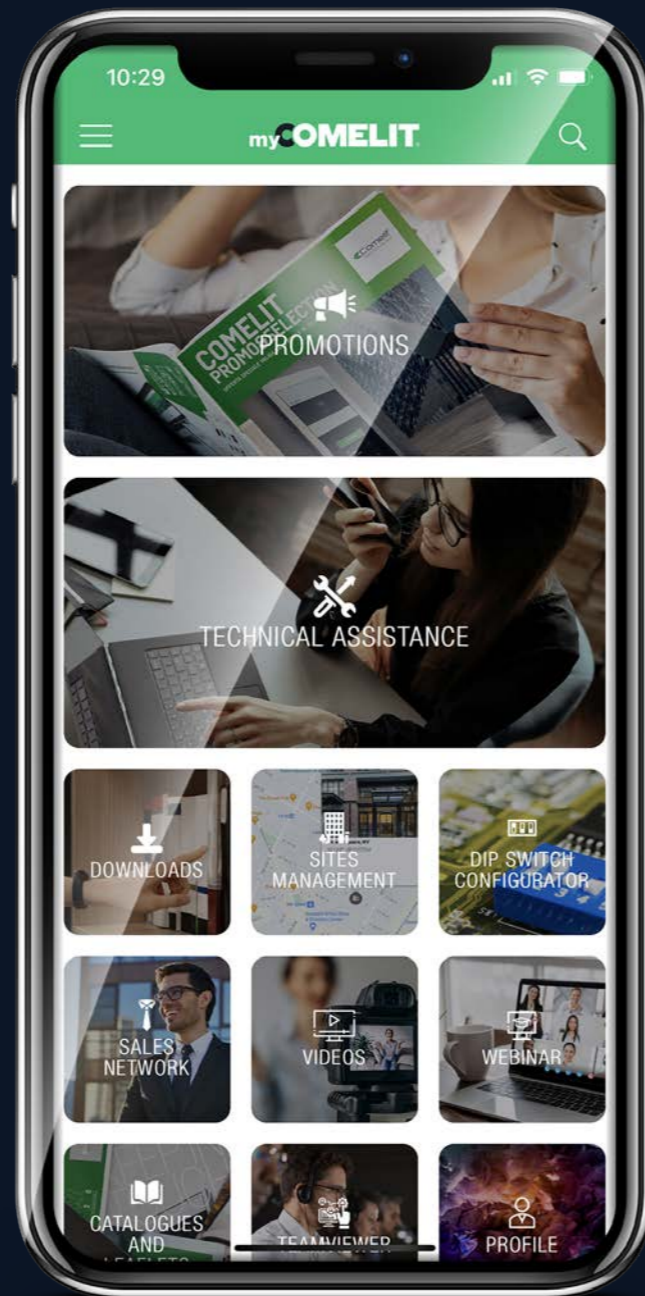

# The app you won't be able to live without.

**Simple, straightforward and customised.**

Thanks to all the services provided, MyComelit makes work easier for all industry professionals: installers, draughtsmen, system integrators, security managers, building managers, wholesalers and architects.

**What are you waiting for?**

## In every possible situation.

From the first morning coffee to the last meeting of the day! MyComelit accompanies you through all stages of your business, providing immediate and personalised answers: to design consultancy; from installation to routine maintenance.

# myCOMELIT®

**CONSULTANCY**

**MAINTENANCE**

# With You. Always.

## our promise, our commitment.

Being close to those who choose Comelit for their customers is our daily commitment. Our commitment is demonstrated by the fact that we are constantly researching and developing new, easy-to-install, high-performance solutions and offering daily advice and assistance on the phone and on site, as well as extremely reliable products and systems of the highest quality, supporting you step by step in your work. With You. Always. Because your success is our success and your satisfied customers are our satisfied customers.

# WITH YOU ALWAYS

- **Quickly browse** through all the technical, application-related and commercial information concerning our products (catalogues, manuals, technical data sheets, etc.).
- Keep up to date with all the news we have for you: **promotional offers, online and on-site training courses, services, new products and much more.**
- Set up your **video door entry systems** in just a few steps and save them in your reserved area.
- Request **technical and commercial support** for designing a system.
- Manage and monitor your connected systems and **receive notifications** on the status of installed products to receive prompt assistance in case of anomalies.
- Edit the names of the **Ultra entrance panel** (in the Touch or digital Directory versions) **via Bluetooth** connection.

## Comelit App

# Your home in an App

We are now offering you the chance to manage all Comelit security systems directly from a single app, to give you full control of your home with the greatest of ease, wherever you may be.
